A message from the Chief Executive

Thank you for showing an interest in this position.

UKSA continues to deliver fantastic outcomes across our two key areas of work – Sea.Change and Sea.Careers.

In 2017/18 we will celebrate our 30th anniversary, having provided our services to over 100,000 people, see us further enhancing our financial sustainability, by ensuring our training revenues drive sufficient surplus into the charity thus enabling us to continue to invest in our transformational Sea.Change activities, but also look to the future.

A new fundraising strategy has been developed to support our capital development plans. Some of this now relies on our key relationships with other charities who work with a similar demographic of young people. This partnership approach, which is favoured by funders, allows young people from these charities to visit UKSA for intensive programmes with the aim of helping them to break free from their existing lives and prepare them for other training and work. In addition we are actively seeking donations from individuals, Trusts and corporates who can help support our future sustainability. Since securing a grant for social investment in 2015/16, UKSA has been working towards becoming 'investment ready' for social finance which has allowed us to work with an external provider to build business plans to access social financing. This is integral to developing our capital plan as well as delivering more training to young people in need going forwards.

UKSA has recognised that in order for the charity to continue to develop and maintain its market position, investment is needed at its headquarters in Cowes. The way that UKSA's site is currently configured means there is a ceiling on the number of young people who can benefit from our programmes. Over the coming three years our large dormitory blocks will be replaced by modern, modular accommodation. This multimillion pound project will give us the flexibility to host more groups simultaneously, improving life-skills and offering career pathways to thousands more young people.

The necessary fundraising has commenced, with the aim to raise £3m to undertake the full refurbishment of the site. We intend to start building the new accommodation facility in the Autumn of 2018.

We have an exciting time ahead and we are looking for individuals who can be pro-active within a fast past and unique environment; who excel at being part of a team, thrive at solving problems and have a desire to be part of UKSA's future and in turn support young people who most need our help.

I look forward to your application.

About UKSA

We are a youth charity that uses the power of the sea to transform the lives of thousands of young people each year, from all around the UK. The charity was formed in 1987 by Noel and Sylvia Lister who wanted to educate and enrich the lives of young people, using their experience of the sea, including the infinite challenges and gifts it offers, and the power it holds to make change. Nearly thirty years on, this remarkable ethos remains at the heart of UKSA. Our activities fall into two areas:

Sea.Change

We provide life-changing opportunities to schools and groups, disadvantaged and disaffected young people who are not in education, employment or training (NEETs) and young offenders. A common theme for many of these individuals is the low expectation they have of themselves and we challenge them to transform and to create opportunities for themselves.

Sea.Careers

We are the world's largest provider of marine training, ranging from watersports instructor, through to training officers working on vessels up to 3,000 gross tonnes. This work cross-subsidises our 'Sea Change' activities.

We are proud of the large number of students who leave us to start their first jobs in the maritime industry, and go onto a lifetime of opportunity.
