

Fleet Maintenance Operative Candidate Information Pack

June – July 2017

A message from the Chief Executive

Thank you for showing an interest in this position.

At UKSA we have worked with over 10,000 people last year, with over three quarters of these being under the age of 25. We know our work with young people is genuinely transformational and we are all passionate about continuing to grow this area. However we also know that to achieve this, our commercial operations have to be sound.

We have an exciting time ahead and we are looking for individuals who can be pro-active within a fast past and unique environment; who excel at being part of a team, thrive at solving problems and have a desire to be part of UKSA's future and in turn support young people who most need our help.

Here at UKSA, watersports is at the heart of everything we do and naturally, so is the safety of our visitors and students using our facilities. We now have an opening available for a qualified **Fleet Maintenance Operative** to join our team to support our fleet re-fit programme.

It's vital that applicants have a good understanding of keelboats, dinghies, powerboats and yachts and can demonstrate strong practical experience of fleet maintenance in the boatbuilding or yacht maintenance industry. Working as part of a team and with some independent working, you will ensure the smooth transition from maintenance and refit to back-in service with minimal disruption to our core business activities. You will take responsibility for ensuring all work is carried out within Health and Safety regulations and UKSA's Standard Operating Procedures and are in line with agreed timescales, specification and budget. It is essential that you are a good communicator, highly organised and can demonstrate attention to detail with accurate record-keeping across all routine, refit and inspection works.

This position is a **Fixed-Term** opportunity for **4 months in the first instance** working **40 hours per week** over 5 days, supporting our fleet refit programme. Flexibility in your working hours is expected to include weekends and evenings on a rotational basis.

What makes UKSA so special is the support we receive from our customers, which is why we go above and beyond to provide a fantastic service no matter what. As part of our team, you will need to equally have the same focus on the customer and their overall experience when visiting UKSA.

I look forward to your application.

About UKSA

We are a youth charity that uses the power of the sea to transform the lives of thousands of young people each year, from all around the UK. The charity was formed in 1987 by Noel and Sylvia Lister who wanted to educate and enrich the lives of young people, using their experience of the sea, including the infinite challenges and gifts it offers, and the power it holds to make change. Nearly thirty years on, this remarkable ethos remains at the heart of UKSA. Our activities fall into two areas:

Sea.Change

We provide life-changing opportunities to schools and groups, disadvantaged and disaffected young people who are not in education, employment or training (NEETs) and young offenders. A common theme for many of these individuals is the low expectation they have of themselves and we challenge them to transform and to create opportunities for themselves.

Sea.Careers

We are the world's largest provider of marine training, ranging from watersports instructor, through to training officers working on vessels up to 3,000 gross tonnes. This work cross-subsidises our 'Sea Change' activities.

We are proud of the large number of students who leave us to start their first jobs in the maritime industry, and go onto a lifetime of opportunity.
