A message from the Chief Executive

Thank you for showing an interest in this position.

At UKSA we have worked with over 10,000 people last year, with over three quarters of these being under the age of 25. We know our work with young people is genuinely transformational and we are all passionate about continuing to grow this area. However we also know that to achieve this our commercial operations have to be sound. We have an exciting time ahead and we are looking for individuals who can be pro-active within a fast past and unique environment; who excel at being part of a team, thrive at solving problems and have a desire to be part of UKSA's future and in turn support young people who most need our help.

Here at UKSA, watersports is at the heart of everything we do and naturally, so is the safety of our visitors and students using our facilities. We now have an opening available for a qualified **Pool Lifeguard** to join our team to ensure the safety of all pool users.

We're looking for someone who has no trouble working off of their own initiative as there will be a lot of lone working in this position. Due to the nature of the role it's important that you're a confident decision maker while being able to quickly assess a variety of situations. Safety isn't the only thing that's paramount in this position – cleanliness is equally as important! You will be responsible for storing Chemicals and ensuring they are handled and used in the accurate manner, including maintaining the correct balance within the pool.

Cleanliness will include ensuring the changing rooms and toilet areas are kept clean, tidy and well stocked, as well as surrounding areas of course, including the pool area. This part of the role will require you to be hands on and meticulous with an excellent attention to detail. Routine inspections and checks on the pumps and boilers are regularly carried out and it will be down to you to make sure these happen as and when the time comes.

What makes UKSA so special is the support we receive from our customers, which is why we go above and beyond to provide a fantastic service no matter what. As part of our team, you will need to equally have the same focus on the customer and their overall experience when visiting UKSA.

This position is **permanent and will be part time, working a minimum of 10 hours per week** with the potential to increase this depending on demand. Your hours may fall over any day of the week and will include bank holidays. It's vital that you hold an RLSS Qualification as well as having experience in the use of pool chemicals and testing in order to be considered for this position, in addition to an Enhanced valid DBS check.

I look forward to your application.

About UKSA

We are a youth charity that uses the power of the sea to transform the lives of thousands of young people each year, from all around the UK. The charity was formed in 1987 by Noel and Sylvia Lister who wanted to educate and enrich the lives of young people, using their experience of the sea, including the infinite challenges and gifts it offers, and the power it holds to make change. Nearly thirty years on, this remarkable ethos remains at the heart of UKSA. Our activities fall into two areas:

Sea.Change

We provide life-changing opportunities to schools and groups, disadvantaged and disaffected young people who are not in education, employment or training (NEETs) and young offenders. A common theme for many of these individuals is the low expectation they have of themselves and we challenge them to transform and to create opportunities for themselves.

Sea.Careers

We are the world's largest provider of marine training, ranging from watersports instructor, through to training officers working on vessels up to 3,000 gross tonnes. This work cross-subsidises our 'Sea Change' activities.

We are proud of the large number of students who leave us to start their first jobs in the maritime industry, and go onto a lifetime of opportunity.
