Bridge Supervisor

A message from our Chief Executive

Hello and thank you for your interest in joining Team UKSA.

UKSA is a Best Companies maritime youth charity and world-renowned training centre of excellence. We inspire

and support children and young people to broaden their horizons through inspirational water-based adventures, education and training for careers at sea.

People are important to us, and we wouldn't be who we are and where we are without our amazing team of staff. At UKSA we are a community, and our people are our greatest asset. UKSA belongs to all of us, and we recognise and celebrate performance and welcome new ideas and thoughts.

We believe all young people have a need but there are those that require greater support. We know that many children and young people are missing out on life-changing opportunities because schools, local authorities and parents simply can't afford to pay for them. Our outdoor learning programmes on the water are the antithesis to this.

In conjunction, we know that a career at sea can provide a life of adventure for those who are inspired to follow this path. We support all students with an aspiration for a long-term career in maritime. Our aim is to remove both financial and social barriers to enable students from any background to be able to access UKSA programmes. We want everyone to achieve their best and gain life-changing experiences, qualifications, and careers.

If we sound like the place you want to be, and you are ready to make a difference, we would love to talk to you.

Ben Willows

UKSA Chief Executive Officer

Right to work

UKSA take employment law requirements seriously and will therefore no longer accept passports or national identity cards from EU, EEA and Swiss citizens. Checks on physical documents still need to be completed for UK and Irish nationals (who can use their passport as proof of right to work) and for individuals in the UK who do not hold a digital immigration status.

Data privacy

UKSA will adhere to the principles of the UK's implementation of the General Data Protection Regulation (GDPR) 2018. UKSA views privacy from the data subject's (your) perspective.
